

Registering enables you to create a gallery of around 10 to 20 of your best images that can be displayed on the [member's gallery page](#) on the site. In addition it will also allow access to other member only features such as notices, and files such as meeting minutes.

The website is hosted with [Voice Online Communities](#) so in order to request access to the site you need to:

- Register with Voice Online Communities, [using the form here](#). You will be sent a email from Voice Admin “admin@e-voice.org.uk”. This is a fully automated process so should arrive fairly swiftly.
- Once you have the mail follow the link to verify your email address.
- Visit <https://www.hexhamphotographic.org/hexhamphotographic/group-join> and if prompted log into Voice Online Communities using you email and password. *(note: if the above link does not work, the “request membership of this site” link is found on the site by pressing the highlighted button as per the screenshot below)*

Hexham & District Photographic Society

- Requesting Membership requires me to manually approve you as a member so please allow a day or two.
- Once approved you will be able to log into the website and [follow the instructions to create a gallery](#).
