

## **Important Notes For Guidance 2023**

The competition continues this year with all sections both Print & PDI included for both open & beginner sections. **Closing date for entry's has been set for 03/04/2023.** There has been a change in competition officer for this season & **all entry's must now be sent via we transfer to Alan Wilson e-mail [alanwilson445@msn.com](mailto:alanwilson445@msn.com)** . There have been no rule changes for this season but please remember as introduced last year:-

Due to issues in previous season's it has been necessary to include the following rule change: -

Members shall enter these competitions **FROM ONE CLUB AND ONE FEDERATION ONLY**. It is the responsibility of the Club Competition Secretary to ensure that their members comply with this rule. **ANY CLUB**

**FOUND TO BE IN BREACH OF THESE RULES WILL FORFEIT THEIR CLUB ENTRY IN BOTH SECTIONS.**

**3)** To fall in line with PAGB competitions and the increasing number of NCPF clubs using 1200 x 1600 dpi as their resolution for PDI competitions, it has been decided match this standard for NCPF competitions &

therefore the rules are as below: -

Projected Digital Image files must be prepared in JPEG format and with maximum pixel dimensions of **1600px in the horizontal and 1200px in the vertical planes** respectively. Please use the new resolution for the

digital copy of your clubs print sect entry's also.

Please use fresh copy's of the entry forms enclosed in the entry pack & take care not to change the font type or size as this causes issues when compiling the spread sheet / results for the competition ( some entry's in previous seasons have been submitted on old entry forms held by the club which have become corrupted )

Please take care to place the **N** in the column declaring your nature entry's in the Myles Audas Comp, as this helps us determine which images comply with nature entry rules & are therefore eligible to go forward as an Alliance entry to the PAGB inter-fed nature comp. ( *in previous seasons there have been numerous images which appeared to qualify as nature images but could not be considered due to the entry form not declaring them as such* ) **Please see enclosed appendix re nature rules.**

*Please* remember Prints/Projected Images entered in any previous Annual Competitions that have won an award (including H/C's and Alliance entries) are ineligible for entry into future years' competitions **in any format.**
