3 rd Internal PDI	16 th February 2021
POTY	23 rd March 2021

Founded in 1947, our Society is one of the longest established in Northumberland.

Our Membership comprises a range of abilities from beginners to accredited and professional photographers.

Our syllabus provides a wide range of speakers who discuss their work, photographic techniques, and present examples of their images in print or as projected digital images.

We organise workshops and assignments to help our members develop their photographic skills. We run internal competitions for members as well as encouraging them to enter inter-club, regional and national competitions.

Members can also share their photographic work with our community through exhibitions and articles in the local press.

If anyone is interested in joining us, you are invited to come along and experience a couple of our Tuesday night meetings before you make a commitment.

At the time of going to print, the practical impact of the ongoing COVID-19 pandemic on our activities is still unclear. We are planning to commence our programme with physical meetings at the Torch Centre but we may have to vary both the content and the location to comply with changes in Government Regulations or advice. Meetings may be held virtually via the Zoom platform.

The latest information and details of the practical measures we are taking to maintain safety at our meetings can be found on our web site. This syllabus will be updated and issued as and when needed.
